

THE CITY OF SAN DIEGO

M E M O R A N D U M

RECEIVED

JUN 11 2009

COUNCILMEMBER  
DONNA FRYE

DATE: June 10, 2009

TO: Councilmember Donna Frye, District 6

FROM: Mario X. Sierra, Director, General Services Department

SUBJECT: Knocked Over Street Lights

---

This is in response to your memo dated May 28, 2009 to Jay Goldstone, Chief Operating Officer, requesting a complete list by Council District of the street light poles in the City that have been knocked-over, the date they were reported knocked-over and the anticipated date of their repair.

There are 14 street lights in need of pole replacement. The locations are shown in the attached list. Eleven of the 14 are scheduled to be repaired within 30 days. Light poles have been ordered for the remaining three locations and are expected to be received in approximately 8-10 weeks. Lights will be installed within 30 days of receiving the new replacement poles. Since January 2005, Street Division has replaced 333 knocked-over street lights.

If you have any questions or need additional information, please call me at (619) 236-6594.

Mario X. Sierra

cc: City Council  
City Attorney  
Jay Goldstone, Chief Operating Officer  
David Jarrell, Deputy Chief of Public Works  
Hasan Yousef, Deputy Director, Street Division
